CITY OF CHICAGO, DEPT. OF HEALTH, Messrs. Hiall & Bates, June 17, 1885.

Gentlemen:—I have examined the report of Dr. Geo. M. Sternberg, chairman of the committee appointed by the American public health association to report on the value of disinfectants, and find that he places much confidence in Withers' Antizymotic Solution. He says that a 4 per cent. solution in water is an active germ destroyer. I am therefore justified in recommending its general use as directed. (Signed) OSCAR C. DEWOLF, M. England Can Save Herself by

Protection Only.

By Telegram to THE SENTINEL.

NEW YORK, Aug. 18.—Senator Edmunds and family arrived from Europe yesterday. In an interview, last night, the senator said trade is depressed, very much depressed. The cause is undoubtedly over-production. There is already a wide feeling there that England can only save herself and prevent starvation or emigration among her working people by following the example of this country and adopting the protective tariff policy.

One kangaroo was killed and Mrs. Richard, the wife of the press agent, was injured by striking her head against the side of the sleeping car.

TURNED BACK.

The Natural Order of Grain Shipments Seem to be Reversed

Along the Wabash.

An operator in the Toledo market let drop the information (if such it may be regarded) that St. Louis parties are buying grain, especially wheat, all along the Wabash, even above Fort Wayne; also scouring the country all along the Cincinnati, Hamilton and Indianapolis division of the Cincinnati, Hamilton and Dayton railroad, and are shipping their purchases to St. Louis by the Vandavia and Wabash lines. This news appears improbable, as the natural movement of grain is eastward, but it is suggested that a "corner" is being formed, or that it is an attempt of the shorts to hedge. There is one thing apparent, and that is the fact that the Wabash, which has been a former great grain line of Toledo, is at present giving that market little or nothing, as compared with former years, when the road furnished hundreds of car loads daily. There is no such failure of the wheat crop in Illinois, Iowa, Missouri and Kansas to justify this movement and the story seems "thin."—Cincinnati Telegram.

ENCAMPMENT NOTES.

A number of side-shows are booked for the encampment.

Capt. Scott Swann is at Jackson, arranging railroad rates from that city.

The advance sale of seats for "Robert Emmet" will begin at Woodworth's tomorrow.

An advance guard of the Emmet cadets, of Jackson, is here to arrange for their company.

Willis D. Maier has had the county clerk's office decorated with national colors in honor of the encampment.

The McMacken cadets, of Toledo, will come here. This is one of the best drilled companies in the country.

Col. C. A. Zollinger is ill at Plymouth, Mich., and it is not known whether he can attend the encampment or not.

The Jackson Grays and the Jackson cavalry company, with twenty horses and three guns, will attend the encampment.

Gart Shober will represent the Gazette and operate a temporary printing office at the fair grounds during the encampment.

The reunion managers have wisely determined not to permit any teams within the enclosure during the sham battle on next Monday.

Governor Gray and staff will arrive here Friday and remain in camp until after the sham battle, Monday. The veteran regiment will escort the chief executive.

There is a great rush for the refreshment and other privileges at the reunion. The crowd will be enormous and all vendors will make money. Fifty thousand people will go to the grounds during the encampment.

Mrs. John Scott and children, of Columbus, O., are in the city, visiting Mrs. Scott's sister, Mrs. William Anderson, of Superior street.

Southern Antidote for Malaria.

It should be generally known that Simmons Liver Regulator is relied upon to secure to the people immunity from all malarial disorders. That this medicine does what is claimed for it is proved by its popularity, and anyone who has lived in the south three years has no doubt seen its curative effects and the protection it gives against the return of this weakening and dangerous malady.

THE STRIKE!

Wabash Men Hesitate to

Come Out on the

First Order,

And a General Strike Is

Declared in the

Southwest.

Extent of the Trouble at Sedalia, St.

Louis, Moberly, Chicago and

Elsewhere.

WON'T COME OUT.

The Strike on the Wabash Not

Alarming.

By Telegram to THE SENTINEL.

CHICAGO, Aug. 18.—It is claimed the strike ordered by the Knights of Labor on the Wabash road will have very little effect on the working of the road here, it reaching not more than ten men in the shops and yards.

IN HOT CONSULTATION.

ST. LOUIS, Aug. 18.—A meeting of the executive board of Knights of Labor and a committee representing the locked-out men on the Wabash road and Knights of Labor employed on Gould's southwest system, was held this morning.

Resolutions were adopted, denouncing the Wabash officials for attempting to break up the Knights of Labor, and for causing the arrest of members of the organization.

IMPEACH JUDGES.

Congressman Wm. Warner, of Kansas City, and Gen. J. M. Palmer, of Springfield, Ill., were requested by the resolution to defend imprisoned and persecuted knights, to prosecute the Wabash road for conspiracy and to impeach Judges Treat, Brewer and Krekel.

ONLY PRELIMINARY.

T. J. Russell, of the Gould system committee, says the Wabash order issued yesterday was preliminary to a general order, but declined to say when a general order would be issued or give an idea of its extent.

The committees are awaiting information from the branch organizations of the Knights of Labor throughout the west before resorting to extreme measures. It is probable an order calling out the men on the Gould system will shortly be issued.

NO TROUBLE AT TOLEDO.

TOLEDO, O., Aug. 18.—The command sent by the Knights of Labor executive committee at St. Louis yesterday, ordering a general strike along the line of the Wabash had little effect here. Only about one-sixth of the employees at the shops and yards here are members of the order. All recommenced work at 1 o'clock. No general strike is expected here at all.

ALL MEN QUIT AT SEDALIA.

SEDALIA, Mo., Aug. 18.—At noon today all the men in the Wabash shops went out. Everything is quiet.

NO SIGNS OF A STRIKE.

SPRINGFIELD, Ill., Aug. 18, 2 p. m.—There are no signs of a strike among the Wabash employees here, except that four men left the machine shops.

AT NORTH ST. LOUIS.

ST. LOUIS, Aug. 18.—Word from the Wabash repair shops in north St. Louis, where only about a dozen men are employed, is that none have yet gone out, and that there was only one Knight of Labor among them.

AT MOBERLY.

A dispatch from Moberly says the men are still at work. Reports are conflicting.

TEN MEN QUIT AT DECATUR.

CHICAGO, Aug. 18.—A Journal, Decatur, Ill., special says: "The Wabash strike was inaugurated here at noon today. Less than ten men quit work out

of 300 employed, which is explained by the fact that nearly eighty Knights quit work two months ago.

TWENTY-FIVE AT MOBERLY.

MOBERLY, Mo., Aug. 18.—There are no demonstrations. Twenty-five men employed on the Wabash road went out to-day.

A GENERAL STRIKE ORDERED.

St. LOUIS, Aug. 18.—3 p. m.—A general strike has been ordered on all the lines west of the Mississippi river.

Cholera News.

By Cable to THE SENTINEL.

MARSEILLES, Aug. 18.—Cholera is spreading in the suburban villages.

PREPARING TO MEET IT.

ROME, Aug. 18.—A commission has been appointed to examine the hospitals of Rome and to take other measures to meet a possible epidemic of cholera.

MADRID, Aug. 18.—In the whole of Spain yesterday there were 4,830 new cases of cholera and 1,718 deaths.

NARY A STRIKE.

The Wabash Men Refuse to Quit

Work, but are Sore Over

the Retention of

Wages.

The order promulgated by the Knights of Labor to inaugurate a strike all along the Wabash system, was not heeded here at noon. The shopmen all returned to work after dinner and the industrial wheels whirl as usual. The SENTINEL representative circulated among the workmen and found them pretty tired of strikes. Said a prominent employee: "The Knights of Labor in the Wabash shop were notified yesterday to be ready to go on a strike to-day at 12 m. There never has been a time so much discontent exists as now. The boys who worked during former strikes say they are ready to walk out with the entire force of workmen now, if a general meeting is held to secure that end. The trouble is not so much the refusal to talk to the Knights of Labor, as the neglect of the company to pay employees promptly. They owe us wages from May 28 and we can't stand that racket any longer. Landlords, grocers, butchers and everybody are getting tired of the stand-off. The boys have long faces and are sour. A meeting of the workmen will be held soon, but the time and place are not yet stated."

The Wabash pay car left Lafayette this morning, but as it had only \$3,000 in the safe it is not expected to do much good or give much relief. Trouble will ensue here if the men are not paid.

A Pleasant Wedding.

Mr. P. J. McDonald and Miss Gertrude Donnelly were married at the cathedral this morning, at 5:30, by Rev. Father O'Leary, an old schoolmate of Mr. McDonald, at Notre Dame. The bride and her sister, her maid, were richly attired. Mr. McDonald was supported by his friend, M. J. Houlihan. In the church were quite a number of the friends of the young people, who left for a tour of the lakes after their wedding breakfast at the home of Mrs. S. A. Grabel, on West Wayne street. The best wishes of a host of friends go with Mr. and Mrs. McDonald.

He Won't Live With Her.

Mrs. Charles Houppert stepped into Justice Ryan's court this morning and charged her husband, who is a gay barber, with failure to support her. Mrs. Houppert is a sister of Joe Manier, now in jail on a charge of burglary. She is not more than thirteen of fourteen years old and last week compelled Houppert to marry her under a charge of seduction and fatherly responsibility.

CRAWFORDSVILLE, Ind., Aug. 18.—The residence of Noah Lockabill, a farmer, near Crawfordsville, was entered by tramps Sunday night. Lockabill was awakened by a noise and sprang from his bed and closed with one in the room. The burglar was reinforced by two others. Lockabill is a powerful man, and flung the captured burglar against the two others in such a manner as to bring the three to the floor. Then he went at them with a club. His wife brought a clothes line and together they bound the tramps and sat down and waited for them to recover. When the tramps regained consciousness, Mr. Lockabill asked them which they preferred, to be taken to Crawfordsville and placed in jail where they stood a chance of several years in the penitentiary, or to be led out one at a time and receive such a whipping as he would administer. They chose the latter, and the farmer took them out separately, tied them to a gate post and administered one hundred lashes to each tramp with a large new raw hide wagon whip. Each stroke raised huge welts on the back of the tramps and, when the operation was completed, a pool of blood could be seen where they stood. Their piteous cries for mercy called in the neighbors to witness the chastigation of Tramp No. 3, and as all sympathized with the irate farmer, the performance went on till he had completed the hundred lashes.

Three Brothers Meet Death in

Twelve Hours.

By Telegram to THE SENTINEL.

MARTIN'S VALLEY, Pa., Aug. 18.—Mrs. Sarah Truby, an aged widow, had three unmarried sons living with her—John, a railroader; Jason, a quarryman, and Wyman, a miller. On Friday night last, John, while running to turn a switch, fell into a cattle-guard and broke his neck. Saturday morning, before the news of John's death reached home, Jason was drowned in a pit in the quarry. When the messengers arrived to tell of these deaths they went to the mill to inform Wyman first. They saw a crowd of men carrying out Wyman's dead body, he having been suffocated in a grain bin. Less than twelve hours intervened between the death of the first brother and the last one. The news of the death of her three sons so prostrated Mrs. Truby that her life is despaired of.

Persons afflicted with consumption are proverbially unconscious of their real state. Most cases commence with disordered liver, leading to bad digestion and imperfect assimilation of food—hence the emaciation, or wasting of the flesh. Listen to Your Wife.

The Manchester Guardian, June 8, 1883, says:

"One of the
"Windows"
Looking on the woodland ways! With
clumps of Rhododendrons and great
masses of May blossoms!!! "There
was an interesting group.

It included one who had been a "cot-
ton spinner" but was now so
Paralyzed!!!

That he could only bear to lie in a re-
clining position.

This refers to my case.

I was first attacked twelve years ago
with "Locomotor Ataxy" (A
paralytic disease of nerve fibre rarely ever
cured)

and was for several years barely able to
get about.

And for the last five years not able to at-
tend to my business, although

Many things have been done for me.

The last experiment being nerve stretching.

Two years ago I was voted into the
Home for incurables! Near Manchester,
in May, 1882.

I am now "Advocate": "For anything in
the shape of patent" Medicine?

And made many objections to my dear
wife's constant urging to try Hop Bitters,
but finally to pacify her—

Consented!!

I had not quite finished the first bottle
when I felt a change come over me. This
was Saturday, November 3. On Sunday
morning I felt so strong I said to my
room companions, "I was sure I could
"Walk!"

So started across the floor and back.

I hardly knew how to contain myself. I was
all over the house. I am gaining strength each
day and can walk quite safe without any
"Stick!"

Or Support.

I am now at my home living again. I have
been a member of the Manchester
"Royal Exchange"

For nearly 30 years, and was most heartily
congratulated on going into my room Thurs-
day. Very gratefully yours, John Blackburn,
Manchester, Eng., Dec. 24, 1883.

Two years later am perfectly well!

Prosecute the Swindlers!!!

If when you call for Hop Bitters (see green
cluster of Hops on the white label) the druggist
hands you any stuff called C. D. Warner's
German Hop Bitters or with other "Hop" name
refuse it and shun that druggist as you would
a viper; and if he has taken your money for
the stuff, indict him for the fraud and sue
him for damages for the swindle, and we will
reward you liberally for the conviction.

A BLUFF GAME.

Gibbon Fitch so Characterizes

Garland Hale's Interview—

The Fort Wayne Horse

Jockey Talks.

Gibbon Fitch, a Fort Wayne jockey,
now doing the season at Grand Rapids,
met a Democrat reporter recently and
was warm at Hale. Fitch says if Hale
has any fight with Judge Woods and
Lawyers Hanna, Donaldson and Shultz,
he may fight it out with them, as they
are abundantly able to take care of them-
selves; but so far as he is concerned, the
charge that there is any conspiracy to
rob Mr. Hale is a lie; he is merely try-
ing to obtain compensation for a very
serious injury received at the hands of
the Hales. As to whether his claim has
any merit in it, he says he will leave that
for the jury to say at the next Septem-
ber term of the United States court for
the northern district of Indiana.

The fact that he was awarded \$4,000
by the jury at the former trial speaks for
itself, he says; and the fact that Judge
Woods gave Hale a new trial indicates
that Judge Woods is at least as good a
friend to Hale as to himself, he thinks. He
has no doubt of his acquittal from the
charge against him, nor but that the
jury will award him a verdict for dam-
ages at the next trial. Whether he can
collect it or not is another thing as he
says on the same day the verdict was
rendered last September, Hale put a
mortgage on his farm for all it was
worth, and spirited all his horses out of
the country into Canada, out of the
reach of the United States marshal.

This charge of subornation of perjury
he says is brought for the purpose of
scaring him into a settlement and intimi-
dinating his witnesses, but that it will
fail, that he has good friends and able
backers who do not mean that he shall
be beaten and robbed for nothing.

The trial of Gibbon Fitch, for subor-
nation of perjury, begins at Grand
Rapids to-morrow. He is charged with
obtaining false affidavits to implicate
Garland S. Hale in the assault made on
him. If Fitch is convicted that ends his
damage suit.

HARD ON EVIL.

The Police Raid Georgie War-
ner's Joint and Capture Six
Inmates—Police
Court.

Last night Captain Diehl and a posse
of police surrounded Georgie Warner's
cottage, on the north side, and Charles
Rodabaugh, an electric light employe,
walked into the captain's arms at the
door. Wm. Armstrong, John Franklin,
Wash Bannor, three Nickel Plate men,
and the hostess, Miss Warner, put up
\$20 apiece. Rodabaugh and Ida Saffel,
nee Borum, were locked up, and this
morning Mayor Muhler sent them to
jail. Rodabaugh was later bailed out
and Ida says her fellow will fix finances
to-morrow.

Moses Summers was arrested for
drunkenness and was not sober this
morning. He insisted on advising the
court and cutting the prosecutor, Mr.
Bittinger. He will now out stone for
twelve days.

Christian Ikes, an old hero in the busi-
ness, was arraigned for drunkenness.
He was dragged out of the Commercial
house, where he soiled a room. Ikes
is deaf as a clam and when the marshal
asked him to remove his hat he said,
"guilty." Mr. Bittinger addressed him
through a joint of stove pipe and read
him the warrant. Ikes was asked if he
had anything to say and counting eight
officers in the room he promptly re-
sponded "no good." Ikes has a bank
roll and gave a check.

The Dog Days the World Over.

It is said that the ancient dog days
were fourteen in number, and extended
from August 4 to September 14. They
were so called by Egyptian astronomers
for the reason that Sirius, the dog star,
rose with the sun during that period,
and, uniting its influence with that of
Old Sol, caused extreme heat and sick-
ness. Modern dog days depend upon no
such conditions, however, and it would
be difficult to ascribe any reason for their
particularization, except that it embraces
the period of the most intense heat dur-
ing this season. In England dog days
are supposed to last from the 5th of July
until the 11th of September; in America,
from the 26th of July till the 5th of Sep-
tember.

**Northern Prison's Surplus Earn-
ings.**

The warden of the state penitentiary
north, of which Hon. Henry Monning,
of this city, is a director, and at which
this county has numerous representa-
tives, has filed a financial statement
with the auditor of state, showing re-
ceipts during May, June and July from
convict labor, \$24,534.68; expenditures,
\$21,065.86; excess of earnings, \$3,468.
82. The warden and the auditor differ
somewhat as to the proper disposition of
his surplus. The auditor is of the opin-
ion that under the law it should be turned
into the state treasury and drawn out
upon the auditor's warrant as occasion
might require. The warden falls back
upon a legislative enactment whereby he
is authorized to expend surplus earnings

in improvements, additions, etc. He
claims that better contracts can be made
for cash and that he is authorized to
hold and expend properly this money
under the above act. The prison, as ap-
pears from the statement, is self-support-
ing.

Gentlemen—I have examined the report of Dr. Geo. M. EDMONDS INTERVIEWED.

England Can Save Herself by

Protection Only.

By Telegram to THE SENTINEL.

NEW YORK, Aug. 18.—Senator Edmunds and family arrived from Europe yesterday. In an interview, last night, the senator said trade is depressed, very much depressed. The cause is undoubtedly over-production. There is already a wide feeling there that England can only save herself and prevent starvation or emigration among her working people by following the example of this country and adopting the protective tariff policy.

One kangaroo was killed and Mrs. Richard, the wife of the press agent, was injured by striking her head against the side of the sleeping car.

TURNED BACK.

The Natural Order of Grain Shipments Seem to be Reversed

Along the Wabash.

An operator in the Toledo market let drop the information (if such it may be regarded) that St. Louis parties are buying grain, especially wheat, all along the Wabash, even above Fort Wayne; also securing the country all along the Cincinnati, Hamilton and Indianapolis division of the Cincinnati, Hamilton and Dayton railroad, and are shipping their purchases to St. Louis by the Vandalia and Wabash lines. This news appears improbable, as the natural movement of grain is eastward, but it is suggested that a "corner" is being formed, or that it is an attempt of the shorts to hedge. There is one thing apparent, and that is the fact that the Wabash, which has been a former great grain line of Toledo, is at present giving that market little or nothing, as compared with former years, when the road furnished hundreds of car loads daily. There is no such failure of the wheat crop in Illinois, Iowa, Missouri and Kansas to justify this movement and the story seems "thin."—Cincinnati Telegram.

ENCAMPMENT NOTES.

A number of side-shows are looked for the encampment.

Capt. Scott Swann is at Jackson, arranging railroad rates from that city.

The advance sale of seats for "Robert Emmet" will begin at Woodworth's to-morrow.

An advance guard of the Emmet cadre, of Jackson, is here to arrange for their company.

Willis D. Maier has had the county clerk's office decorated with national colors in honor of the encampment.

The McMacken caulets, of Toledo, will come here. This is one of the best drilled companies in the country.

Col. C. A. Zollinger is ill at Plymouth, Mich., and it is not known whether he can attend the encampment or not.

The Jackson Grays and the Jackson cavalry company, with twenty horses and three guns, will attend the encampment.

Gart Shober will represent the Gazette and operate a temporary printing office at the fair grounds during the encampment.

The reunion managers have wisely determined not to permit any teams within the enclosure during the sham battle on next Monday.

Governor Gray and staff will arrive here Friday and remain in camp until after the sham battle, Monday. The veteran regiment will escort the chief executive.

There is a great rush for the refreshment and other privileges at the reunion. The crowd will be enormous and all vendors will make money. Fifty thousand people will go to the grounds during the encampment.

Mrs. John Scott and children, of Columbus, O., are in the city, visiting Mrs. Scott's sister, Mrs. William Anderson, of Superior street.

WON'T COME OUT.

The Strike on the Wabash Not

Alarming.

By Telegram to THE SENTINEL.

CHICAGO, Aug. 18.—It is claimed the strike ordered by the Knights of Labor on the Wabash road will have very little effect on the working of the road here, it reaching not more than ten men in the shops and yards.

IN HOT CONSULTATION.

ST. LOUIS, Aug. 18.—A meeting of the executive board of Knights of Labor and a committee representing the locked-out men on the Wabash road and Knights of Labor employed on Gould's southwest system, was held this morning.

Resolutions were adopted, denouncing the Wabash officials for attempting to break up the Knights of Labor, and for causing the arrest of members of the organization.

IMPEACH JUDGES.

Congressman Wm. Warner, of Kansas City, and Gen. J. M. Palmer, of Springfield, Ill., were requested by the resolution to defend imprisoned and persecuted knights, to prosecute the Wabash road for conspiracy and to impeach Judges Treat, Brewer and Krekel.

ONLY PRELIMINARY.

T. J. Russell, of the Gould system committee, says the Wabash order issued yesterday was preliminary to a general order, but declined to say when a general order would be issued or give an idea of its extent.

The committees are awaiting information from the branch organizations of the Knights of Labor throughout the west before resorting to extreme measures. It is probable an order calling out the men on the Gould system will shortly be issued.

NO TROUBLE AT TOLEDO.

TOLEDO, O., Aug. 18.—The command sent by the Knights of Labor executive committee at St. Louis yesterday, ordering a general strike along the line of the Wabash had little effect here. Only about one-sixth of the employees at the shops and yards here are members of the order. All recommended work at 1 o'clock. No general strike is expected here at all.

ALL MEN QUIT AT SEDALIA.

SEDALIA, Mo., Aug. 18.—At noon to-day all the men in the Wabash shops went out. Everything is quiet.

NO SIGN OF A STRIKE.

SPRINGFIELD, Ill., Aug. 18, 2 p. m. There are no signs of a strike among the Wabash employees here, except that four men left the machine shops.

AT NORTH ST. LOUIS.

ST. LOUIS, Aug. 18.—Word from the Wabash repair shops in north St. Louis, where only about a dozen men are employed, is that none have yet gone out, and that there was only one Knight of Labor among them.

AT MOBERLY.

A dispatch from Moberly says the men are still at work. Reports are conflicting.

TEN MEN QUIT AT DECATUR.

CHICAGO, Aug. 18.—A Journal, Decatur, Ill., special says: "The Wabash strike was inaugurated here at noon to-day. Less than ten men quit work out

of 300 employed, which is explained by the fact that nearly eighty Knights quit work two months ago.

TWENTY-FIVE AT MOBERLY.

MOBERLY, Mo., Aug. 18.—There are no demonstrations. Twenty-five men employed on the Wabash road went out to-day.

A GENERAL STRIKE ORDERED.

ST. LOUIS, Aug. 18.—3 p. m.—A general strike has been ordered on all the lines west of the Mississippi river.

Cholera News.

MADRID, Aug. 18.—In the whole of Spain yesterday there were 4,891 new cases of cholera and 1,718 deaths.

SAVARY A STRIKE.

The Wabash Men Refuse to Quit

Work, but are Sore Over

the Retention of

Wages.

The order promulgated by the Knights of Labor to inaugurate a strike all along the Wabash system, was not heeded here at noon. The shopmen all returned to work after dinner and the industrial wheels whirl as usual. The SENTINEL representative circulated among the workmen and found them pretty tired of strikes. Said a prominent employee: "The Knights of Labor in the Wabash shop were notified yesterday to be ready to go on a strike to-day at 12 m. There never has been a time so much discontent exists as now. The boys who worked during former strikes say they are ready to walk out with the entire force of workmen now, if a general meeting is held to secure that end. The trouble is not so much the refusal to talk to the Knights of Labor, as the neglect of the company to pay employees promptly. They owe us wages from May 28 and we can't stand that racket any longer. Landlords, grocers, butchers and everybody are getting tired of the stand-off. The boys have long faces and are sour. A meeting of the workmen will be held soon, but the time and place are not yet stated."

The Wabash pay car left Lafayette this morning, but as it had only \$3,000 in the safe it is not expected to do much good or give much relief. Trouble will ensue here if the men are not paid.

A Pleasant Wedding.

Mr. P. J. McDonald and Miss Gertrude Donnelly were married at the cathedral this morning, at 5:30, by Rev. Father O'Leary, an old schoolmate of Mr. McDonald, at Notre Dame. The bride and her sister, her maid, were richly attired. Mr. McDonald was supported by his friend, M. J. Houlihan. In the church were quite a number of the friends of the young people, who left for a tour of the lakes after their wedding breakfast at the home of Mrs. S. A. Grabel, on West Wayne street. The best wishes of a host of friends go with Mr. and Mrs. McDonald.

He Won't Live With Her.

Mrs. Charles Houppert stepped into Justice Ryan's court this morning and charged her husband, who is a gay barter, with failure to support her. Mrs. Houppert is a sister of Joe Maier, now in jail on a charge of burglary. She is not more than thirteen of fourteen years old and last week compelled Houppert to marry her under a charge of seduction and fatherly responsibility.

CRAWFORDSVILLE, Ind., Aug. 18.—The residence of Noah Lockhill, a farmer, near Crawfordsville, was entered by tramps Sunday night. Lockhill was awakened by a noise and sprang from his bed and closed with one in the room. The burglar was reinforced by two others. Lockhill is a powerful man, and lunged the captured burglar against the two others in such a manner as to bring the three to the floor. Then he went at them with a club. His wife brought a clothes line and together they bound the tramps and sat down and waited for them to recover. When the tramps regained consciousness, Mr. Lockhill asked them which they preferred, to be taken to Crawfordsville and placed in jail where they stood a chance of several years in the penitentiary, or to be led out one at a time and receive such a whipping as he would administer. They chose the latter, and the farmer took them out separately, tied them to a gate post and administered one hundred lashes to each tramp with a large new raw hide wagon whip. Each stroke raised huge welts on the back of the tramps and, when the operation was completed, a pool of blood could be seen where they stood. Their piteous cries for mercy called in the neighbors to witness the castigation of Tramp No. 3, and as all sympathized with the irate farmer, the performance went on till he had completed the hundred lashes.

Three Brothers Meet Death in

Twelve Hours.

By Telegram to THE SENTINEL.

MARTIN'S VALLEY, Pa., Aug. 18.—Mrs. Sarah Truby, an aged widow, had three unmarried sons living with her—John, a railroad; Jason, a quarryman, and Wyman, a miller. On Friday night last, John, while running to turn a switch, fell into a cattle-guard and broke his neck. Saturday morning, before the news of John's death reached home, Jason was drowned in a pit in the quarry. When the messengers arrived to tell of these deaths they went to the mill to inform Wyman first. They saw a crowd of men carrying out Wyman's dead body, he having been suffocated in a grain bin. Less than twelve hours intervened between the death of the first brother and the last one. The news of the death of her three sons so prostrated Mrs. Truby that her life is despaired of.

Loss of Flesh and Strength.

With poor appetite, and perhaps slight cough in morning, or on first lying down at night, should be looked to in time. Persons afflicted with consumption are proverbially unconscious of their real state. Most cases commence with disordered liver, leading to bad digestion and imperfect assimilation of food; hence the emaciation, or wasting of the flesh. It is a form of scrofulous disease, and is curable by the use of that greatest of all blood-purifying, anti-bilious and purgative compounds, known as Dr. Pierce's "Golden Medical Discovery."

pointer to advertisers and books are

A BLUFF GAME.

Gibbon Fitch so Characterizes
Garland Hale's Interview—

The Fort Wayne Horse

Jockey Talks.

Gibbon Fitch, a Fort Wayne jockey,
now doing the season at Grand Rapids,
met a Democrat reporter recently and
was warm at Hale. Fitch says if Hale
has any fight with Judge Woods and
Lawyers Hanna, Donaldson and Shultz,
he may fight it out with them, as they
are abundantly able to take care of them-
selves; but so far as he is concerned, the
charge that there is any conspiracy to
rob Mr. Hale is a lie; he is merely try-
ing to obtain compensation for a very
serious injury received at the hands of
the Hales. As to whether his claim has
any merit in it, he says he will leave that
to the jury to say at the next Septem-
ber term of the United States court for
the northern district of Indiana.

The fact that he was awarded \$4,000
by the jury at the former trial speaks for
itself, he says; and the fact that Judge
Woods gave Hale a new trial indicated
that Judge Woods is at least as good a
friend to Hale as to himself, he thinks. He
has no doubt of his acquittal from the
charge against him, nor but that the
jury will award him a verdict for dam-
ages at the next trial. Whether he can
collect it or not is another thing as he
says on the same day the verdict was
rendered last September, Hale put a
mortgage on his farm for all it was
worth, and spirited all his horses out of
the country into Canada, out of the
reach of the United States marshal.

This charge of subornation of perjury
he says is brought for the purpose of
scaring him into a settlement and intimidat-
ing his witnesses, but that it will
fail, that he has good friends and able
lawyers who do not mean that he shall
be beaten and robbed for nothing.

The trial of Gibbon Fitch, for subor-
nation of perjury, begins at Grand
Rapids to-morrow. He is charged with
obtaining false affidavits to implicate
Garland S. Hale in the assault made on
him. If Fitch is convicted that ends his
damage suit.

HARD ON EVIL.

The Police Raid George War-
ner's Joint and Capture Six

Inmates—Police

Court.

Last night Captain Diehl and a posse
of police surrounded George Warner's
cottage, on the north side, and Charles
Rohlaugh, an electric light employe,
walked into the captain's arms at the
door. Wm. Armstrong, John Franklin,
Wash Bannor, three Nickel Plate men,
and the hostess, Miss Warner, put up
\$20 apiece. Rohlaugh and Ida Saffel,
nee Borum, were locked up, and this
morning Mayor Muhler sent them to
jail. Rohlaugh was later bailed out
and Ida says her fellow will fix finances
to-morrow.

Bittinger. He will now cut stone for

Christian Ike, an old hero in the busi-
ness, was arraigned for drunkenness.
He was dragged out of the Commercial
house, where he soiled a room. Ike is
deaf as a clam and when the marshal
asked him to remove his hat he said,
"guilty." Mr. Bittinger addressed him
through a joint of stove pipe and read
him the warrant. Ike was asked if he
had anything to say and counting eight
officers in the room he promptly re-
sponded "no good." Ike has a back
roll and gave a check.

The Dog Days the World Over.

It is said that the ancient dog days
were fourteen in number, and extended
from August 4 to September 14. They
were so called by Egyptian astronomers
for the reason that Sirius, the dog star,
rose with the sun during that period,
and, uniting its influence with that of
Old Sol, caused extreme heat and sick-
ness. Modern dog days depend upon no
such conditions, however, and it would
be difficult to ascribe any reason for their
particularization, except that it embraces
the period of the most intense heat dur-
ing the season. In England dog days
are supposed to last from the 5th of July
until the 11th of September; in America,
from the 26th of July till the 5th of Sep-
tember.

Northern Prison's Surplus Earn- ings.

The warden of the state penitentiary
north, of which Hon. Henry Manning,
of this city, is a director, and at which
this county has numerous representa-
tives, has filed a financial statement
with the auditor of state, showing re-
ceipts during May, June and July from
convict labor, \$21,534.63; expenditures,
\$21,065.86; excess of earnings, \$468.
77. The warden and the auditor differ
somewhat as to the proper disposition of
his surplus. The auditor is of the opin-
ion that under the law it should be turned
into the state treasury and drawn out
upon the auditor's warrant, as occasion
might require. The warden falls back
upon a legislative enactment whereby he
is authorized to expend surplus earnings

in improvements, additions, etc. He
claims that better contracts can be made
for cash and that he is authorized to
hold and expend properly this money
under the above act. The prison, as ap-
pears from the statement, is self-support-
ing.
